Benin – Illegal postage stamp issues

Dear Sir/Madam

The postal administration of **BENIN** asks me to inform you of the following:

"The postal administration of Benin has been informed of the issue and sale of a considerable number of illegal postage stamps bearing the name of the "Republic of Benin" or "Benin". These products are of an offensive nature and are distributed on the philatelic market by unauthorized private companies and dealers. This amounts to a serious attack on the reputation and moral integrity of the Republic of Benin, as well as being a flagrant violation of its national legislation on the production of postage stamps and of article 6 of the Universal Postal Convention.

"These postage stamps appear on numerous websites and in publications promoting philately in general. The deceitful advertisements for these stamps even affirm that: *"The origin of these stamps may be questionable and they may be listed as illegals. We therefore suggest that you buy them only because you like them. We offer them because they are on the market."* These words inscribed on the stamps by these authors indicate their illegal nature.

"Moreover, these companies, as forgery specialists, even use the logos of various organizations which would be entitled to take legal action for abuse of their intellectual property.

"The proliferation of illegal stamps has reached uncontrollable levels and several countries, particularly in Africa, continue to be afflicted by this phenomenon even though they have denounced it.

"In this connection, the postal administration of Benin is incensed by and utterly condemns the existence of such a network. It therefore asks you to invite all Universal Postal Union member countries and partners to do everything possible to identify, locate and denounce the perpetrators of this economic and moral crime.

"Furthermore, it once again appeals to all parties to redouble their efforts and vigilance regarding illegal stamps that may be produced, disseminated and sold on their territory. To eradicate this scourge, it firmly counts on the initiatives of the Universal Postal Union, the Pan African Postal Union and the World Association for the Development of Philately.

"In conclusion, the postal administration of Benin wishes to take this opportunity to provide all UPU member countries with the address of its philatelic bureau, the only body authorized to contact philatelists worldwide:

Bureau philatélique du Bénin  
Attention: Mr. TEOU O. Joseph  
BP 5959 – DSPF/OPT COTONOU  
BENIN  
E-mail: jostheou@yahoo.fr

"In addition, the postal administration of Benin is also prepared to contact its diplomatic missions with a view to more rigorous monitoring at philatelic exhibitions, and reserves the right to increase cooperation with Interpol in this fight against illegal issues.

"The protection of the postage stamps issued in 2003 in compliance with WNS standards took effect in our country in November 2003."

/ A list of the illegal postage stamps identified to date is annexed.

Yours faithfully,

K J S McKEOWN  
Director of Markets
