Estonia – Illegal issue of postage stamps

## Dear Sir/Madam

The postal administration of **ESTONIA**, Estonian Post Ltd., wishes to inform the postal administrations of UPU member countries of the following:

"Estonian Post Ltd. has been receiving numerous messages from philatelists around the world asking it to confirm the validity of postage stamps being sold on the Internet that bear the names of Estonian islands.

"Under the national legislation of the Republic of Estonia, the sole body authorized to issue postage stamps is Estonian Post Ltd. No other legal company in Estonia may issue postage stamps featuring the names of Estonian islands.

"We can therefore confirm that these stamps have not been officially issued and are not valid for postage. We strongly denounce and condemn such illegal activity. All UPU member countries are urged to prohibit the circulation of these stamps.

"Postage stamps officially issued by Estonian Post Ltd. are published on the WNS website at www.wnsstamps.ch. A list of the illegal issues is attached."

Yours faithfully,

K.J.S. McKEOWN Director of Markets Development
